

2021 ALICE CONVERSATION SERIES

Join us for a virtual Conversation Series hosted by Aloha United Way that will shine a light on Hawai'i's ALICE population. ALICE is an acronym for Asset Limited, Income Constrained, Employed and it's a new way to define and understand the households that earn above the Federal Poverty Level, but not enough to afford a bare-bones household budget.

ALICE - OUR FRIENDS, NEIGHBORS, AND OHANA: JUNE 24, 2021 2:00 – 3:30 PM

For far too many in Hawai'i, the cost of living outpaces what they earn. These ALICE households struggle to manage even their most basic needs: housing, food, transportation, child care, health care, and technology. Join the conversation on supporting the future success of our communities through collective impact work.

Presenting agencies: Aloha United Way, Feed the Hunger Fund, Kōkua Kalihi Valley, Parents and Children Together and Waikīkī Community Center.

ALICE IN THE COVID-19 ERA: JULY 29, 2021 2:00 – 3:30 PM

COVID-19 showed how ALICE households are disproportionately exposed to an emergency. Learn how partners are guiding policies and practices to help families weather the current crisis and what data suggests for the economic recovery.

Presenting agencies: Aloha United Way, Council for Native Hawaiian Advancement, Goodwill Hawaii, Honolulu Habitat for Humanity, Hawai'i HomeOwnership Center.

ALICE - INNOVATION AND LEGISLATION: AUGUST 26, 2:00 – 3:30 PM

Working toward solutions requires innovation and vision to recognize contributing factors and address the struggle. Together, we can work to build solutions to inform policy decisions to affect positive change for this growing portion of our population. Armed with this data, we aim to discuss legislative policies and priorities to change the dialogue about the impact on families, communities, and all of us.

Presenting agencies: Aloha United Way, Hawai'i Children's Action Network, Hawai'i Appleseed, Hawaiian Community Assets
