Year In Review

Aloha Donors and Community,

Welcome to our 2018 Annual Report. We continue to offer this electronically to reduce our environmental impact. I hope you enjoy our 2018 year-in-review.

I wish to thank you, our donors and community, for your contributions and confidence in Aloha United Way and the work we do in the community with so many other stakeholders. In 2018, we were able to invest \$16.2 million in the community because of your generous contributions which supported critical programs and services that helped vulnerable children, families and individuals.

Your donation to Aloha United Way supported:

- **315 agencies** working with families and individuals in crisis or need of food, education, housing stability and financial sustainability
- **94,123 people** who received assistance from our statewide 2-1-1 information and referral helpline
- Aloha United Way as the hub for homeless services to the community

In late 2017, Aloha United Way commissioned the ALICE® Report, “ALICE: A Study of Hardship in Hawaii,” and publicly unveiled the report data on January 9, 2018. It was not a surprise to learn that 37 percent of Hawaii’s households live above the Federal Poverty Level but below financial sustainability. These households are unable to address an unexpected \$400-500 expense without substantial, negative impact and there are few significant programs available to these households.

Informed by the ALICE data, Aloha United Way made a decision to shift some of our focus and funding to help the ALICE in our community, to invest in programs that help these families and individuals develop financial sustainability and grow their earning capacity so they can be diverted from poverty. You can read more about our United for ALICE work on page 4.

Aloha United Way continues to invest your donations to 2-1-1, Safety Net, and Community Care in vital programs to support our neighbors and families who are in crisis.

Advancing the health, education, financial stability and overall wellbeing of every person in our community is a shared responsibility to which we are all accountable. Thank you for the opportunity to serve our community through your contributions and support.

Me ke aloha pumehana,

Cindy Adams
President and CEO

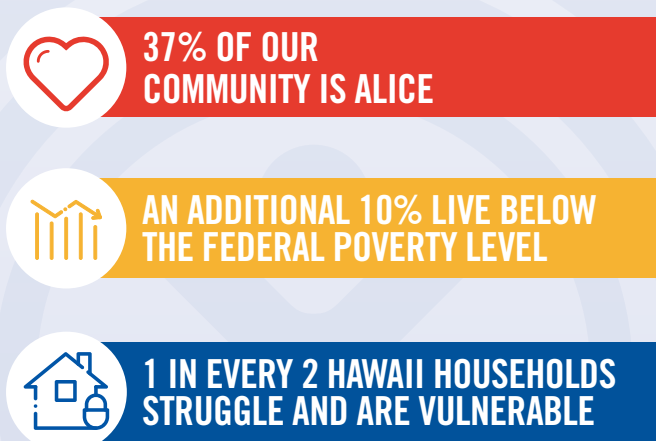

In September 2018, Aloha United Way Board of Directors approved \$1.52 million to be awarded to funding the ALICE impact area. ALICE stands for Asset Limited, Income Constrained, Employed. ALICE are people who are working, doing everything they can to make ends meet, yet struggle to get by each month.

ALICE funding is intended to effect systems-level change in order to support upward financial mobility for lower-income families and individuals in Hawaii. Key components of this initiative include program performance evaluation, shared metrics, capacity-building, and collaboration. The three funding categories are:

- Increased earning potential and/or reduce household expenses,
- Improved access to benefits and community resources, and
- Development of financial capability and “soft skills.”

The ALICE Fund invests in non-profit agencies developing and implementing impactful and scalable programs to help Oahu’s ALICE population.
